CAREER OBJECTIVE:

Aspiring software and IoT enthusiast with knowledge in Python, web technologies, and embedded systems, looking for an opportunity to contribute technical skills, learn industry practices, and grow in a dynamic organization

EDUCATION:

Bachelor of Technology – Electronics and Communication Engineering
Narasaraopet Institute of Technology |2022-2026| **CGPA: 8.30**
Intermediate (MPC) |2020-2022| **76%**
SSC: |2019-2020| **94%**

SKILLS:

Programming Languages: Python, Java
Web Technologies: HTML, CSS
Data base: SQL, MYSQL
Embedded & IoT: Microprocessor, Digital Electronics
Tools: Arduino IDE, Multisim, VS code, Git & GitHub
Soft Skills: Communication, Team Collaboration, Time Management, Problem Solving

PROJECTS:

Portfolio Website :

Built responsive portfolio with HTML, CSS, JavaScript animations and skills.

Added education, projects showcase, resume download for recruiters

Deployed on GitHub Pages (https://chinni-yugandhar.github.io/).

IoT-Based Organic Farming System: **(Jan – April 2026)**

Designed an **IoT-based monitoring system** for soil moisture, temperature, and humidity.

Integrated **sensors and microcontroller** to automate irrigation using real-time data.

Improved crop productivity by reducing manual intervention through **automation**.

INTERNSHIPS & TRAINING:

Full Stack Java – Naresh Technologies **(May – June 2024)**

Learned **Java fundamentals**, OOP basics, and application development concepts.

Implemented SQL database operations and backend logic for real-time application functionality.

Collaborated on full stack projects by integrating frontend interfaces with Java backend modules

Web Development – Naresh Technologies **(May – June 2025)**

Built **static and responsive web pages** using HTML, CSS, and JavaScript.
Improved webpage design and user experience layouts and interactive features.
Implemented interactive features and optimized performance

CERTIFICATIONS:

NPTEL – Introduction to the Internet of Things
Workshop on PCB Design & Arduino
Workshop on Full Stack Web Technology
Workshop on Python Programming
